

Total Coolant Leak Repair

Why trade users can't get enough of K-Seal® Permanent Coolant Leak Repair

A repair made with K-Seal® is permanent, guaranteed to last for the life of the engine.

K-Seal® mixes with all types of antifreeze/coolant – no need to drain or flush the system before or after treatment. Unlike other products it doesn't matter whether you have antifreeze in the cooling system or just water.

K-Seal® is easy to use. Shake the bottle, add it to the cooling system and go. It's the ultimate one step repair.

K-Seal® is suitable for use with all water cooled engines including bikes, cars, trucks, agricultural, construction, even marine engines. Heavy duty vehicles use K-Seal HD.

K-Seal® repairs most leaks in the head, headgasket, radiator, heater core, freeze plugs water pump casing, cylinder heads, engine blocks.

There's More!

Advise your customers that...

- K-Seal[®] will fix most leaks in all types of water cooled engine.
- K-Seal[®] has an extremely good success rate. No coolant leak repair product can guarantee to fix all leaks.
- When K-Seal[®] does make a repair we guarantee that it will be permanent!

Let your customers know how easy K-Seal[®] is to use...

1. Shake the contents well.
2. Add to the cooling system.
3. Run the engine until it reaches operating temperature so that K-Seal[®] can flow freely around the cooling system.
4. Job done. Time for a break.

Here are a few commonly asked questions.

Q. Do I need to drain the cooling system before adding K-Seal?

A. No. K-Seal is safe to use with all types of antifreeze/coolant. It's a one step treatment.

Q. Will K-Seal cause any blockages?

A. No. K-Seal will only fix holes and cracks up to $\frac{1}{2}$ of an inch where it can leak out of the cooling system. Other than that K-Seal will simply flow harmlessly around the cooling system.

Q. Aren't all stop leaks the same?

A. Absolutely not. K-Seal is a unique formula that's combines antifreeze safe ceramic microfibres and copper for a reliable, permanent and safe coolant leak repair.

Q. How does the guarantee work?

A. When K-Seal makes a repair and that repair subsequently fails then we will refund your customer or send them a replacement K-Seal.

If you have a question then please get in touch.

Here's some unedited testimonial from customers

"When customers use K-Seal[®] they do come back and tell you that it works and it's brilliant. We haven't had that kind of feedback for any other product."

"I have a 2007 Cummins ISX (Heavy Duty engine). The EGR cooler was leaking coolant and the dealer said the only way to fix it was to replace it at \$1300. 1 bottle of K-Seal stopped it. Saved a lot of \$\$\$."

"The garages that have used it can't give it enough praise."
